General information concerning your visa application:

- Any original document must be submitted with a photocopy.
- Any original document submitted in Arabic must be translated into German or English by a certified translator (except the movement certificate is issued by the Mogamma).
- List of certified translators by the Embassy of Germany in Cairo ([link](#))
- A list of certified English translators is available on the website of the British Embassy: <http://ukinegypt.fco.gov.uk/eng> or the American Embassy: <http://egypt.usembassy>

The Embassy reserves its right to suspend, in certain cases, the visa decision depending on the submission of additional documents requested.

Additional information on the visa procedures:

- Children under the age of 12 years old are **not allowed** to enter the center.
- The Embassy of Germany in Cairo only processes visa requests of people **residing in Egypt**.
- Each applicant **must come in person** in order to proceed to the biometric data capture. Personal appearance is mandatory for all visa applicants unless you are exempted from biometric data capturing. If you are exempted from biometric data capture, a representative can apply on your

behalf. The representative has to provide a signed letter of authorization as well as the original and copy of his /her ID card. The representative cannot be a minor. Only applicants who are within the following categories are **exempted**:

- Children under the age of 12.
- Applicants who have had a previous Schengen visa delivered within the past 59 months. Applicants need to provide a photocopy of this visa sticker as proof. However, the local consular authority may request you to submit the biometric data again.
- Your visa application will not be accepted unless your **main destination is Germany**. If this is not the case or in case of incorrect documents submitted, your visa request will be refused.
  - If you intend to visit several Schengen countries, you must apply for a visa at the Embassy or Consulate of the country in which you will stay the **longest duration**.
  - If you intend to visit several Schengen countries but do not have a main destination (i.e. the duration of your stay is the same in different countries), you should apply for a visa at the Embassy or Consulate of the country that is your **first point of entry**.
- With the introduction of the new Visakodex system on the 5 of April, the **validity of the visa** in the Schengen Area may be prolonged by the Visa Section for 15 additional days. This additional period is aimed to provide the traveler a certain flexibility with regard to their final travel dates. The granting of this additional period is, however, permitted only if the applicant submits a corresponding travel insurance.

The travel insurance shall **either** cover the scheduled period of stay (without additional period) if the period of stay from the day of entry in Germany is up to 10 days maximum, **or** cover the scheduled period of stay plus the additional 15 days.

Note: the above mentioned extension refers only to the **validity of the visa**, not the allowed period of stay.

- The visa processing time varies between 9 to 11 days depending on the completeness of the applications. This delay is not guaranteed and can be extended depending on each case.
- Fees of the visa
  - The visa fee is 60 € (to be paid in national currency).
  - Children under 6 years are free of charge.
  - Children between 6 and 12 years are charged 35 EUR.
